

The easy fit shoe

## KIDS MEASURING GUIDE

### 1. Print out the correct size guide

Ensure your printer is set to 100% or 'do not scale', print out the guide and measure.

### 2. Place the chart on a hard surface.

Align heel on the guide and compare the longest toe with

### 3. Measure to the longest toe on both feet.

The outline of the guide is not for fitting - only measure the length of the foot. Don't leave any extra room ToeZone allows for this, The longest toe should sit within the green toezone area

**Try it yourself; it's easy!**
